\*\*All sewer permits issued shall require District inspection after improvements, repairs, and/or installations are complete. It shall be the responsibility of the Owner/Contractor to contact the District to schedule an inspection. A 48-hour minimum notice shall be required on inspections.

\*\*Inspections requiring backfill shall be inspected and approved by the District prior to backfill. Failure to do so shall require excavation to expose connection or video inspection. Video inspections shall be performed by the District and be subject to the current video fee.
